PROFESSIONAL SUMMARY

Full-Stack Developer experienced in building web applications with TypeScript, JavaScript, React, Next.js, and Laravel. Skilled in frontend and backend development, database design, and API integration, with an emphasis on clean, maintainable code and intuitive user experiences.

WORK EXPERIENCE

Full-Stack Developer (Freelance)

MIFA Junior, Jimbaran | August 2026 – October 2026

- Designed, developed, and maintained a full-stack football academy management system supporting student registration, enrollment, invoicing, and administrative workflows.
- Implemented secure authentication and role-based access control for administrators, instructors, and parents.
- Designed database schemas and integrated external services for email notifications, background jobs, and file storage.
- Implemented reliable asynchronous workflows, including message queues and retry-storm prevention mechanisms.
- Wrote unit tests and maintained a structured Git workflow to support code quality and maintainability.
- Managed application deployment, database migrations, debugging, and ongoing maintenance.

Web Developer

Bisma Informatika, Denpasar | October 2025 – February 2026

- Developed a responsive, user-friendly web application for Bisma Informatika using Next.js, PostgreSQL, and Prisma.

PROJECTS

Shiorio – Local-First Library Tracker

Personal open-source project | 2026 – Present

- Building a privacy-first desktop app for tracking manga, manhwa, books, and light novels, with no accounts or subscriptions; users own all of their data.
- Developing with React, Vite, TypeScript, Tailwind CSS, and shadcn/ui, packaged as a desktop app with Tauri and stored locally in SQLite.
- Designed a local-first architecture with offline support, cover images stored as files, and JSON export/import for backups.

EDUCATION

Bachelor of Computer Science (Undergraduate)

BINUS University (BINUS Online), Malang | August 2026 – Present

RPL (Rekayasa Perangkat Lunak), Vocational High School

SMK TI Bali Global Jimbaran, Jimbaran | July 2023 – July 2026

SKILLS

Languages: TypeScript, JavaScript, Python, C/C++

Frameworks & Libraries: React, Next.js, Tailwind CSS, Prisma, Vite, Tauri

Databases: PostgreSQL, MySQL, SQLite

Tools & Practices: Git, Linux, Full-Stack Development
